***“When you affirm big, believe big, and pray big,
big things happen.” – Norman Vincent Peale***

Did you know that your attitude and the attitudes of the people on your team can make the difference in whether or not you have a bad team or a great team, assuming everyone is technically proficient in their role? It is true! Attitude is the differentiating factor in talented teams that succeed and talented teams that fail.

John Maxwell’s formula for team success defined in his book, *The 17 Indisputable Laws of Teamwork*, is Abilities + Attitudes = Results.

Great Talent	+	Rotten	Attitudes	=	Bad Team
Great Talent	+	Bad	Attitudes	=	Average Team
Great Talent	+	Average	Attitudes	=	Good Team
Great Talent	+	Good	Attitudes	=	Great Team

According to Norman Vincent Peale, big things happen when people affirm big, believe big, and pray big; however, it is difficult to do this unless a person or a team has faith enough to first think big. Thinking big is really thinking in terms of God’s abundance. Combining faith and a positive attitude, creates an awesome winning combination.

If you are on a team, your personal talent and expertise are important; however, your positive attitude is even more important because it defines how you will choose to use your talent and expertise. Will you use your talent and expertise for the greater good or for mere self-serving purposes? Only you can answer this question through your faith and choice of personal attitude. John Maxwell states, “the attitude of the individual determines the attitude of the group.” Great teams are comprised of people who use their talent and expertise to “make it happen” serving others and solving problems that make a real difference in life. If you want to be part of a great team, it’s up to you to do your part. One person can make a difference! With faith and a positive attitude, you can be the spark that ignites greatness in your team!
